Church Revitalization in Lanham

Lanham Grace Church has been faithfully sharing Christ in its community for more than 50 years. They want to be more effective in their community and are rethinking everything! Their desire is to be a church about Jesus, a church without walls, and to create a casual and uplifting environment in this culturally and ethnically diverse area. They want to develop a close-knit, loving environment that draws in people to experience the difference Jesus can make in their lives. Our Assist Adventure Team will help them make connections in their community with people who may be familiar with their location, but may never have thought to stop in for a service.
